### **BOUSTEAD SUBSIDIARY AWARDED S\$26M DESIGN-AND-BUILD CONTRACT FOR SATAIR'S SERVICE REPAIR AND DISTRIBUTION FACILITY**

- **15th aerospace facility undertaken by division**
- **6th aerospace facility at world-class Seletar Aerospace Park**
- **Boustead Group's order book backlog raised to S\$314 million**

**Singapore, 23 November 2012**

Boustead Singapore Limited ("Boustead") is pleased to announce that its wholly-owned subsidiary, Boustead Projects Pte Ltd ("Boustead Projects") – a leading specialist in industrial real estate solutions – has been awarded a S\$26 million contract from Satair Pte Ltd ("Satair") to design and build an integrated service repair, distribution and office facility (the "Aircraft Service Centre") to be located at the world-class Seletar Aerospace Park (the "SAP") in Singapore.

Satair's parent, Satair AS is a wholly-owned subsidiary of Airbus SAS ("Airbus") and a world leading supplier of aircraft parts and service solutions for aircraft maintenance. Headquartered in Denmark, Satair AS offers various services, ranging from parts supply and distribution to a selection of tailor-made service provider solutions to major airlines, commercial operators, defence organisations and maintenance providers. With sales and warehousing locations in Europe, North America, the Middle East, Asia Pacific and China, Satair AS supports more than 2,500 customers in over 100 countries.

Totalling 16,500 square metres of gross floor area, the Aircraft Service Centre will house integrated areas for service repair, distribution and administrative functions of Satair. The Aircraft Service Centre is earmarked to be awarded Green Mark Gold, with completion expected in calendar year 3Q 2013. This is the 15th aerospace project undertaken by Boustead Projects and its 6th aerospace project at the 320-hectare SAP, an integrated aerospace hub which is currently home to numerous global aerospace corporations.

Boustead Projects has also undertaken projects at the SAP for Rolls-Royce, Bombardier, Bell Helicopter and Hawker Pacific.

Mr Thomas Chu, Managing Director of Boustead Projects said, "We are greatly honoured that Satair – a world leading supplier of aircraft parts and service solutions have selected Boustead Projects to design and build their service repair and distribution facility."

Mr Chu added, "The new facility for Satair represents our 6th project undertaken in the Seletar Aerospace Park and our 15th aerospace facility in Singapore. The award of this contract affirms Boustead Projects' leading capabilities in meeting the specialised requirements of clients in the aerospace sector."

With the addition of the latest contract, the Boustead Group's order book backlog (as at the end of September 2012 plus new orders since then) currently stands at S\$314 million.

The latest contract is not expected to have a material impact on the profitability, earnings per share and net asset value per share of Boustead in the current financial year ending 31 March 2013.

None of the Directors or controlling shareholders of Boustead has any interest, direct or indirect, in this contract.
